

# Mid-Week

## CHALLENGES

week of 1/24

Complete these challenges during the week with your kids to reinforce the lesson from Sunday! Take pictures and post to social media using the hashtag **#TCCkidsathome** and tag us **@twocitieschurchws** so we can see what you're up to!

### CHALLENGE

# 1

#### *Rub Over Coins*

Show children the inscription **In God We Trust** on a coin. Guide each child to place a coin under a sheet of paper and rub over it with the side of an unwrapped crayon. Encourage children to rub over several coins.

**SAY:** In Proverbs, Solomon wrote "Trust in the Lord with all your heart." We trust God because God knows everything. God had a wise plan to rescue us from sin. Jesus perfectly followed God's plan.

### CHALLENGE

# 2

#### *Taste Honey*

Squeeze some honey on a foam plate for each child. Allow them to experiment by dipping various foods in the honey, such as pita bread, graham crackers, apple slices, or pretzel sticks. Open a Bible to Proverbs 24:13-14. Read the verses aloud.

**SAY:** Solomon wrote that wisdom is as good for us as honey is to our taste! God gives us wisdom in the Bible. Wisdom is loving God and obeying His Word. Wisdom helps us be like Jesus—in how we live, how we talk, and how we think.

### CHALLENGE

# 3

#### *Sort By Season*

Use a marker to divide a large piece of paper into four sections and label each section with a season of the year. Provide magazines depicting the outdoors and other seasonal pictures. Encourage children to cut out scenes and decide which season of the year it depicts; then glue the pictures in the appropriate section of the paper. For younger preschoolers, cut out images before the session.

**SAY:** Solomon wrote a poem in the Book of Ecclesiastes. He taught that there is a time for everything, like planting and harvesting. Farmers usually plant seeds in the spring and harvest food in the fall. [Use other examples as appropriate to your pictures.] God knows the right time for everything. **What does God know? God knows everything.**
